

POLICY STATEMENT

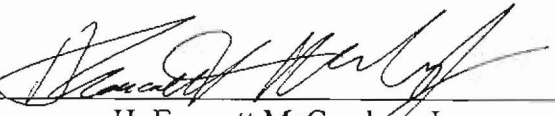

County Wide Placement of Telecommunications Towers

In order to provide the best possible telecommunication service to the residents of Beaufort County, while protecting the health, safety and welfare of those residents, Beaufort County has adopted a Telecommunications Ordinance. This ordinance was a good faith effort on the part of Beaufort County in order to comply with the Telecommunications Act of 1996.

So that the placement of telecommunications could be minimized to the fullest extent possible, while providing appropriate service, Beaufort County requires that the grid of each service provider be supplied to staff prior to the issuance of any development permit. The purpose of this measure is to minimize the number of telecommunication towers in Beaufort County.

Adopted this 23<sup>rd</sup> day of February, 1998.

COUNTY COUNCIL OF BEAUFORT COUNTY
