

# PREGNANCY

# IS OUR PRIORITY!

**If you are thinking about having a child or are pregnant and using alcohol or other drugs...  
*you are our priority!***

**The many problems associated with alcohol or other drug use impact on the developing child within you as much and often much more than they impact on you.**

**We want to help. Please call us to set up a time to talk confidentially about helping your baby have a good start in life.**
