The Beaufort County Vendor List is provided for informational purposes only. The businesses listed applied to have their information included by submitting a Beaufort County Vendor Application to the Purchasing Department for consideration (which is available online at www.bcgov.net). Inclusion on this list does not imply approval or endorsement of the business or its products or services by Beaufort County, nor does it constitute a statement by Beaufort County as to the quality of work that might be performed by any vendor contained on this list. It is the responsibility of the business and its customers to comply with all legal requirements concerning any actual or planned purchase or use of any products or services. If a discrepancy in information is noted herein, please send an email to bcvendors@bcgov.net or fax to 843.255.9437.

Beaufort County Business License

Beaufort County requires all businesses operating within its unincorporated areas to obtain a Beaufort County Business License. Business License approvals and processing generally take 7 to 10 business days and the license will be mailed to your mailing address. All business licenses expire on December 31st of each year regardless of whenever an account was opened and are renewable annually. Applications are generated by using the previous year’s gross receipts on or before May 31st, of current year. Penalties begin to accrue at 5% per month after renewal deadline. Applications for new business licenses are available online at www.bcgov.net but must be submitted in person. Beaufort County has two Business License Offices for your convenience:

Small and Minority Business Certification

The Governor's Office of Small & Minority Business Assistance (OSMBA) was created in 1979 by Executive Order. Enabling legislation was passed and the program was placed into law as outlined in Article 21 of the Code of Laws of South Carolina, 1981. The mission of the Governor's Office of Small & Minority Business Assistance is to promote the interest of small and minority businesses as a part of the free enterprise system; thereby, enhancing economic growth and development in South Carolina. OSMBA certifies that a South Carolina business is owned, controlled and operated by a socially and economically disadvantaged minority who is a US citizen. There are no loans, grants or guaranteed award of contracts associated with obtaining certification. Businesses are encouraged to participate in any agency’s bid process. Agency solicitations are advertised in the SC Business Opportunities (SCBO) publication issued by the Materials Management Office.

Small Business Development Center at USC-Beaufort

The Frank L. Roddey Small Business Development Center (SBDC) of South Carolina is a consortium of four colleges and universities which operate a state office and 14 regional offices located throughout the state. These centers offer a variety of services and management training courses tailored to meet the needs of small and medium-sized businesses. SBDC consultants at each site provide managerial and technical assistance to those wishing to start or expand an enterprise. SBDC consultants are available at each location to give one-on-one consultation, to analyze business operations, develop business strategies, and provide marketing and economic information at no cost.

Experts in private industry and government are also available, on a limited basis, for assistance in highly technical specialized areas. For minimal registration fees, centers also offer seminars and training courses on topics that are of interest to the small business owner, taught by faculty, staff and professionals in industry and government. Centers work with local economic development organizations such as Chamber of Commerce, Local Government, Council of Government and Financial Institutions.
