Email: Jminor@bcgov.net

Purpose:

Beaufort County, South Carolina, is planning to conduct two Household Hazardous Waste Collection Days (HHWCD):

• March, Date TBD – Public Works South Complex, Ulmer Road
• May, Date TBD - Public Works North Complex, 120 Shanklin Road
• Contractor will also provide intermittent pickup service on an as needed basis, throughout the year for household hazardous materials accumulated through the residential convenience centers and stored at the Beaufort County Public Works Facility at 120 Shanklin Road, Beaufort, SC 29906. This will require a one week response window to schedule pickup. Also included: pickup fee, trucking, labor, packaging and disposal of materials (same as quoted in this Invitation for Bid-IFB).

The purpose of this program is to present an opportunity for Beaufort County residents to rid their homes of dangerous “hard to dispose of” chemical products. Removal of unwanted chemical products increases safety in the community, during hurricanes and reduces potential sources of pollution of land and water resources.

Beaufort County Public Works is requesting bids from firms or combinations of firms (contractors) who can provide the necessary technical support such a collection event requires and who can properly dispose of the materials collected. Specific personnel, materials, activities, functions and services are listed in the body of this IFB.
These events will also provide an opportunity for the Beaufort County School District to bring any school chemicals and hazardous wastes for proper disposal. The School District would be required to provide the contractor with a full inventory prior to the event and deliver the materials to the County event locations. If the contractor deemed that it was unsafe to transport any inventoried materials to the event location, the school district would incur any additional mobilization fees. The School District will be responsible for paying for its portion of inventory.

Beaufort County Public Works Department has been designated as the lead agency for this event and has been charged with oversight and coordination of the Household Hazardous Waste Collection Days. The events will take place rain or shine.
Scope of Project

The HHWCD projects will begin with site preparation before the event and will conclude when all collected materials have been properly packaged and shipped to Contractors recycling/processing facility and the site of the collection has been returned to the same condition as preceded the event.

The Contractor will collect, identify, sort, package and transport all the household hazardous wastes (HHW) collected at the event. Removal will be the same day as the event.

The Contractor shall, at their own expense, provide laboratory analysis and profiling of wastes prior to disposal if required by the final disposal facility. If laboratory analysis of unknown waste are unavailable or not feasible to obtain the Contractor shall test the waste, or have it tested to the extent necessary for packaging and transport according to DOT hazard classes and or EPA and/or disposal site requirements. Laboratory analyses must be accomplished by an EPA accredited Lab.

The Contractor will provide full disposal of the household hazardous waste materials insuring that all services are provided in strict compliance with all applicable federal, state, and local laws and regulations including Resource Conservation and Recovery Act (RCRA) Subtitle C guidelines.

The Contractor further agrees to recycle as much of the collected waste as possible in environmentally compatible means, to limit disposal in landfills. Recycle/Reuse is first choice of disposal, then Fuel Blending, Incineration and finally, landfill but only in subtitle C landfill. Waste will be transported to a permitted facility or facilities for final recycling, treatment or disposal.

COUNTY COUNCIL OF BEAUFORT COUNTY
Title VI Statement to Contractors and Subcontractors

It is the policy of the County Council of Beaufort County, South Carolina, hereafter referred to as “Beaufort County” or “the County”, to comply with Title VI of the 1964 Civil Rights Act (Title VI) and its related statutes. To this end, Beaufort County gives notice to all Prime Contractors, Subcontractors, Architects, Engineers, and Consultants that the County assures full compliance with Title VI and its related statutes in all programs, activities, and contracts. It is the policy of Beaufort County that no person shall be excluded from participation in, denied the benefit of, or subjected to discrimination under any of its programs, activities, or contracts on the basis of race, color, national origin, age, sex, disability, religion, or language regardless of whether those programs and activities are Federally funded or not.

Pursuant to Title VI requirements, any entity that enters into a contract with Beaufort County including, but not limited to Prime Contractors, Subcontractors, Architects, Engineers, and Consultants, may not discriminate on the basis of race, color, national origin, age, sex, disability, religion, or language in their selection and retention of first-tier subcontractors, and first-tier subcontractors may not discriminate in their election and retention of second-tier subcontractors, including those who supply materials and/or lease equipment. Further, Contractors may not discriminate in their employment practices in connection with highway construction projects or other projects assisted by the U.S. Department of Transportation (USDOT) and/or the Federal Highway Administration (FHWA).

In all solicitations either by competitive bidding or negotiation made by the Contractor for work to Beaufort County to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under the contract and the Title VI regulations relative to nondiscrimination on the basis of race, color, national origin, age, sex, disability, religion, or language by providing such a statement in its bidding and contract documents.

Upon request, the Contractor shall provide all information and reports required by Title VI requirements issued pursuant thereto, and shall permit access to its books, records, accounts and other sources of information, and its facilities as may be determined by Beaufort County, USDOT, and/or FHWA to be pertinent to ascertain compliance with such regulations, orders, and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to USDOT or FHWA, as appropriate and via Beaufort County, and shall set forth what efforts it has made to obtain the information. In the event of the Contractor's non-compliance with nondiscrimination provisions of this contract, USDOT may impose such contract sanctions as it or FHWA may determine to be appropriate, including, but not limited to:

- Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
- Cancellation, termination, or suspension of the contract, in whole or in part.

In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of this direction to comply with Title VI, the Contractor may request USDOT to enter into such litigation to protect the interests of USDOT and FHWA. Additionally, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Any person or Subcontractor who believes that they have been subjected to an unlawful discriminatory practice under Title VI has a right to file a formal complaint within one hundred eighty (180) days following the alleged discriminatory action. Any such complaint must be filed in writing or in person:

Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine, restrictions, strikes, freight, embargoes, and unusually severe weather; but in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and is such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

8. **BIDDERS RESPONSIBILITY**: Each bidder shall fully acquaint himself with conditions relating to the scope and restrictions attending the execution of the work under the conditions of this bid. It is expected that this will sometimes require on-site observation. The failure or omission of a bidder to acquaint himself with existing conditions shall in no way relieve him of any obligation with respect to this bid or to the contract.

For the purpose of making this evaluation, administrative costs to the County for issuing and administering each contract awarded under this invitation will be considered, and individual awards will be for the items and combinations of items which result in the lowest aggregate price to the County, including such administrative costs.

9.4 Indefinite Delivery: At the discretion of Beaufort County, the contract may be extended for a time period not to exceed 24 months.

10. REJECTION: This solicitation does not commit Beaufort County to award a contract, to pay any costs incurred in the preparation of a bid, or to procure or contract for the articles of goods or services. The County reserves the right to waive minor informalities and irregularities, to accept or reject any or all bids received as a result of this request, or to cancel in part in or its entirety this bid, if it is in the best interest of the County to do so. In addition, the County reserves the right to reject any bid that contains prices for individual items or services that are inconsistent or unrealistic when compared to other prices in the same or other bids, if such action would be in the best interest of the County.

10.1.2 Greater service costs for the low bid item.
10.1.3 Longer service time for the low bid item, which would cause longer
down time of the item.

10.1.4 Proven reliability of the higher bid item.

discrimination by reason of race, religion, sex, age, national origin, or physical handicap.

14. WAIVER: The County reserves the right to reject any or all bids, to waive any General
Provisions, Special Provisions, or minor specification deviation when considered to be in
the best interest of this County.

15. RESTRICTIONS/LIMITATIONS: No purchases are to be made from this Contract of any
item that is not listed, nor of any item that is currently authorized under any contract
awarded prior to this Contract.

16. PURCHASES FROM OTHER SOURCES: The Purchasing Department reserves the

from agencies, without permission from the Purchasing Department.
