**AGREEMENT FOR THE MAINTENANCE OF
EXISTING BORROW PITS, FISH PONDS, LAGOONS**

Existing pond maintenance shall be permitted subject to the following:

- (a) Ponds shall be excavated no deeper than twelve feet (12') from existing grade.
- (b) Safe edges shall be required with a long shelf with a slope a minimum of 1:5 to a depth of 3 feet.
- (c) The site shall have a six-foot high access proof fence to prevent entry to the pond. The fence shall contain clearly legible "No Trespassing" signs every 25 feet along the length of the fence
 - 1) Rapid stage changes that would make escape practically impossible for small children.
 - 2) Dry bottom ponds where side slopes are steeper than 4:1 and the design high water elevation exceeds two feet.
 - 3) Wet bottom ponds where the side slopes are steeper than 4:1 (to three feet below the normal water level and 2:1 to pond bottom.
- (d) Borrow pit site shall be fenced with clearly legible "No Trespassing" signs posted every 25' along the length of the fence.

Should excavation occur as a result of pond maintenance, then E – J shall apply.

- (e) Maximum noise at the property line shall not exceed 65 decibels.
- (f) Hours of operation shall be limited from 7:00 a.m. to 6:00 p.m.
- (g) Truck routing plan through existing residential areas should be avoided, or the shortest route should be utilized.
- (h) All roads shall be maintained.
- (i) Applicant shall submit a survey plat of the existing depth and pond area.
- (j) Applicant shall submit a mining permit from DHEC if dirt is leaving the site or being sold.

I hereby agree to adhere to all of the above applicable conditions; any deviation from the original approval will result in the revocation of the approval, and a citation being issued for violation of the condition of said approval.
